Marble Beers Ltd has been established since 1997. We have a brewery and three bars which are all situated in Manchester. We are a company that represents the best in classical and progressive wave beer with a diverse customer base.

The Marble Arch is our flagship pub and our brewery tap. Along with real ale and kegged beer we have had a quality food offering for the last 10 years. We are interested in an executive Chef who can assist modernising the kitchen on site & updating our menu to include quality dining, bar room classics and bar snacks. To enable us to cater to all our customers an interest in vegan and vegetarian food would also be required.

57 Thomas Street the sister bar to the Marble Arch, which is situated in the Northern Quarter. Our Thomas Street bar appeals offers mainly kegged beer. The food offering at Thomas Street is in need of a inspired casual, small plate menu as the kitchen is small and although well-designed it has no extraction for fryers.

Both bars above are famous for their cheese menus.

The Beerhouse, which is situated in Chorlton currently has no kitchen or food offering. Our food goals for the Beerhouse are still being discussed and it is hoped that once we have the two outlets above operating and running smoothly, we can discuss options available.
